

GPE Utility Storage

EU Energy Flow Batteries

Overview

Construction work to build the world's largest flow battery has commenced at the strategic and critically important electrical grid interconnection point on the borders of German, France and Switzerland, enabling the system to stabilise electricity flows across national borders and strengthening European energy resilience and grid stability.

Article Content

A united voice for flow batteries

Jun 24, 2025 · Invinity Energy Systems selected for multiple UK LDES Cap & Floor bid applications Flow Batteries Europe (FBE) strongly welcomes the UK's Cap & Floor Scheme for ...

ESS Launches in Europe to Meet Demand for ...

Mar 16, 2022 · ESS appoints European leadership and initiates deployment of safe iron-flow batteries to fulfill European energy storage requirement of up to ...

FLOW BATTERIES

Apr 28, 2023 · Sustainability Story A flow battery is a short- and long-duration energy storage solution with sustainability advantages over other technologies. These include long durability ...

ACTIVITY REPORT 2023

Apr 9, 2024 · The European Green Deal is a landmark commitment to make Europe the world's first climate-neutral continent by 2050. At the heart of this deal are ambitious decarbonisation ...

Flow Batteries Europe's presence at the IFBF 2024

25 – 27 June 2024: IFBF 2024 The whole flow battery sector gathered once again at the IFBF 2024 in Glasgow, Scotland which was hosted by Invinity Energy ...

1.6 GWh flow battery project launched in Europe

Jun 19, 2025 · The system, sited at the electric grid interconnection point on the borders of Germany, France and Switzerland, is believed to be the world's ...

Flow Batteries Europe a year in: A brief overview

Nov 25, 2022 · Flow Batteries Europe On 28 April 2021, 16 flow battery stakeholders came together to create Flow Batteries Europe. The first year of our association was dedicated to ...

The EU's industrial policy on batteries

Aug 31, 2023 · The EU deserves an energy storage strategy that has security from diversity. If the current funding trends don't shift, the EU risks on missing ...

Enel Green Power, Mercedes-Benz push ...

Mar 21, 2024 · Mercedes-Benz orders 11MWh organic flow battery in Germany Vanadium is the most common main ingredient for flow battery electrolyte, but ...

A green europium-cerium redox flow battery with ultrahigh ...

Nov 15, 2024 · In comparison with other reported representative redox flow batteries in recent years, the practical power density calculated at 80 % energy efficiency is at a leading level. ...

Testing begins on 20 MWh, "Europe's largest" ...

Jul 1, 2025 · The Fraunhofer Institute for Chemical Technology (ICT) says it has put Europe's largest vanadium redox flow battery into operation. The battery ...

Europe launches largest flow battery project

Jun 17, 2025 · Construction is underway on the world's largest flow battery project at a key cross-border grid hub where Germany, France and Switzerland converge. The project aims to ...

A united voice for flow batteries

Sep 25, 2023 · The role of flow batteries Flow batteries are energy storage systems particularly well-suited for long-duration energy storage (LDES; over 4 hours) through the storage of liquid ...

U.S. Department of Energy report highlights

22 August 2024: The recent report by the U.S. Department of Energy highlights the potential of flow battery technology in making low-cost, long-duration ...

Energy Storage Global Conference, 14-16 ...

The seventh edition of the Energy Storage Global Conference (ESGC) will take place on 14 - 16 October 2025 in Brussels.

Europe's Largest Flow Battery Project Launched to Boost Energy ...

Jun 18, 2025 · Flow Batteries Europe (FBE) is an international non-profit association aimed at accelerating decarbonisation in Europe and globally by increasing the deployment of energy ...

Testing begins on 20 MWh, "Europe's largest" ...

Jul 1, 2025 · Fraunhofer ICT says the pilot facility has demonstrated how clean energy can feed the grid regardless of weather conditions. The Fraunhofer ...

Europe's largest flow battery project launched to boost energy ...

Jun 18, 2025 · Europe's largest flow battery project launched to boost energy security 18 June 2025: Construction work for the world's largest flow battery started this month at the strategic ...

Building Flow Batteries in Europe: A Path to Ethical and ...

May 7, 2025 · As Europe pushes forward with the clean energy transition, producing flow batteries locally presents a unique opportunity to build a more ethical, sustainable, and transparent ...

Quino Energy Unveils Flow Battery Pilot Systems

This cutting-edge system relies on a low-cost, zero-waste quinone battery material developed in the United States. Remarkably, Quino Energy's ...

FBE-Activity-Report-2024

Feb 10, 2025 · The EU must pick up the pace to reach its net-zero ambitions and to remain a competitive player in the sector. Flow batteries, as an innovative long-duration energy storage ...

Europe's Largest Flow Battery Project Launched to Boost Energy ...

Jun 18, 2025 · To mark the start of the construction phase, leaders from Flow Batteries Europe (FBE) and the FlexBase Group met in Laufenburg, Switzerland to solidify cooperation on ...

Flow Batteries Tour

Discover the Flow Batteries Tour to learn about different flow battery projects being undertaken from Flow Batteries Europe members in Europe and ...

How Elestor's hydrogen-iron flow batteries ...

Jul 15, 2025 · Discover how Elestor's hydrogen-iron flow batteries offer scalable, safe energy storage to boost Europe's grid resilience and autonomy.

Flow Batteries Europe

Flow Batteries Europe represents flow battery stakeholders with a united voice to shape a long-term strategy for the flow battery sector. We aim to provide help to shape the legal framework ...

FLORES-Policy-Brief_October-2021.pdf

Nov 10, 2021 · The major problem for flow battery manufacturers in Europe is the current energy market mechanisms in the time of transition: renewable energy sources have been subsidized ...

Europe's largest flow battery project launched to boost energy ...

Jun 20, 2025 · Construction work to build the world's largest flow battery has commenced at the strategic and critically important electrical grid interconnection point on the borders of German, ...

Accelerating Europe's Green Transition: The

Apr 11, 2024 · Flow batteries, with sustainability, long lifespan, and flexible energy storage, emerge as a key solution. They address energy security, grid ...

A united voice for flow batteries

Aug 31, 2023 · Flow Batteries Europe Position Paper – August 2023 Introduction
iveness of the automotive sector. In 2018, the European Commission recognised
batteries as a crucial ...

Flow Batteries: The Key to Unlocking ...

Jun 30, 2025 · As Europe continues its urgent shift toward renewable energy, the
spotlight is increasingly falling on long ...

A united voice for flow batteries PRESS RELEASE

Jun 17, 2025 · Europe's largest flow battery project launched to boost energy
security Construction work for the world's largest flow battery started last month at
the strategic critical ...

A high-performance aqueous Eu/Ce redox flow battery for ...

Nov 15, 2024 · In this paper, we design an all-rare earth redox flow battery with Eu
2+ /Eu 3+ anolyte and Ce 3+ /Ce 4+ catholyte and report its performance for the
first time. The standard ...

Forging the future: How Elestor's hydrogen-iron flow batteries ...

Unlike conventional lithium-ion or sodium-ion batteries, which are limited to short-
duration applications, Elestor's liquid-gas redox flow battery enables storage from 8
to 150 hours, ideal ...

Europe's largest flow battery project launched to boost energy ...

Jun 17, 2025 · Flow Batteries Europe is convening a joint working group to develop
policy recommendations, which will include experience and information from the
Laufenburg project. ...

Flow Batteries: The Key to Unlocking ...

Jun 30, 2025 · Unlike lithium-ion systems, which are often optimised for short bursts
of energy, flow batteries excel in ...
