

Energy storage system BMS chips

Overview

The rapid growth of electric vehicles and energy storage systems has made the Battery Management System (BMS) one of the most critical technologies in modern battery packs. Often described as the “brain” of the battery,” a BMS does far more than simple monitoring.

Article Content

Energy Storage System (ESS) | NXP Semiconductors

NXP provides battery management systems (BMS) optimized for automotive applications such as vehicle electrification, with a focus on functional safety and

A review of battery energy storage systems and advanced battery ...

This review highlights the significance of battery management systems (BMSs) in EVs and renewable energy storage systems, with detailed insights into voltage and current monitoring,

Genesis Mission

Genesis Mission brings together the Department of Energy's 17 National Laboratories with America's leading universities and industry, including pioneers in artificial intelligence, computing, materials,

Office of Critical Minerals and Energy Innovation

The Office of Energy Technology will continue to lead the world in research and development for cutting-edge energy technologies, fuels, chemicals, and hydropower.

Renewable Energy Pillar

EERE's applied research, development, and demonstration activities aim to make renewable energy cost-competitive with traditional sources of energy. Learn more about EERE's work in geothermal,

The Nation's Nuclear Reactor Fleet Is on the Rise

The U.S. Department of Energy's (DOE) Office of Nuclear Energy is underway with a new effort that will use existing nuclear energy infrastructure to put more power on the grid. The Utility

Battery Management System (BMS) Explained: Functions, System ...

This article provides a comprehensive overview of BMS core functions, hardware modules, and mainstream system architectures, helping engineers and industry newcomers understand the key

2026 DOE 202 (c) Orders

On January 26, 2026, the Department of Energy (DOE) issued an emergency Order No. 202-26-07, pursuant to section 202 (c) of the Federal Power Act, to Duke Energy Carolinas, LLC and

FACT SHEET: The Energy Department Is Delivering On Accelerating

The Department of Energy (DOE) is fully committed to unleashing America's next nuclear renaissance, from reinvigorating domestic supply chains to delivering gigawatts of new reactors.

Energy Department Announces Largest Loan in Department History ...

U.S. Secretary of Energy Chris Wright today announced the Department of Energy's Office of Energy Dominance Financing (EDF) has closed a historic \$26.5 billion loan package to

Department of Energy

Genesis Mission leverages the Department of Energy's unique scientific datasets—spanning more than 100 petabytes of experimental and simulation data across every major domain of science—to double

FY 2026 Budget Justification | Department of Energy

Fiscal Year 2026 Budget Justification documents to support the Department of Energy Budget Request to Congress

THE STATE OF AMERICAN ENERGY: Promises Made, Promises Kept

The Energy Department is Delivering on President Trump's Agenda of to Unleash American Energy Dominance.
