

Power of electrical appliances used for solar power generation

Home Energy Storage (Stackble system)

Product Introduction	
- Scale from 10kWh to 50 kWh - Self-Consumption Optimization - Integrated with inverter to avoid the compatibility problem	- LFP battery, safest and long cycle life - Stackable design, effortless installation - Capable of High-Powered Emergency Backup and Off-Grid function

Overview

The appliances a portable solar generator can run depend on the generator's capacity (measured in watts) and the power requirements of the appliances. Here's a general guide on the types of appliances that various capacity generators can typically run:.
